

ECO-FINISH DIGITAL PRINT MEDIA

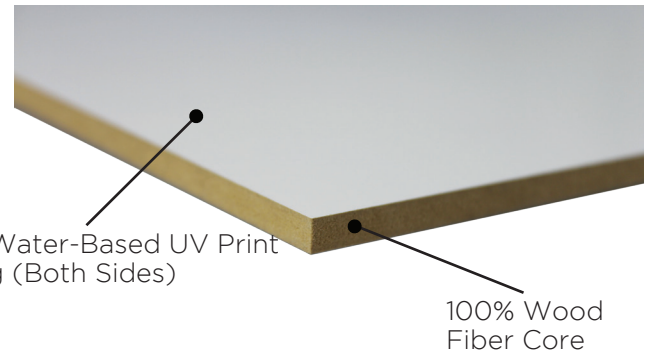

Be environmentally responsible and replace plastic substrates with Panel Processing's award winning Eco-Finish™ Rigid Print Media. Eco-Finish™ is a specially formulated coating that provides a crisp, vibrant, consistently bright, white surface for hi-definition digital printing. Perfect for indoor signage, in-store marketing, and anything else that requires a smooth, vivid white, printable surface. The coating can be applied to a variety of rigid board substrates of various thickness and up to 5' wide and 8' long.
