## PEGBOARD

Panel Processing was founded over 45 years ago as the nation's pegboard leader. The addition of our fabrication, coating and screen printing capabilities have changed the way pegboard is offered today. These boards are provided throughout North America for displays, gondola backers, planograms and more. With our multiple locations, Panel Processing has the capacity to produce more pegboard panels than any other fabricator in North America.

- 9/32" (nominal 1/4") and 3/16" (nominal 1/8") Standard Hole Diameters
- Route to Shape
- Custom Spacing of Rows
- CNC Controlled Punches
- 1/2" x 1/2", 1" x 1", 1" x 2", 1" x 3" OC Standard Hole Patterns
- Color Match Paint Color

# PRODUCTS

## CHALKBOARD

- 4' x 6' to 4' x 10' Sheets
- Cut-to-Size & Machined
- Green, Teal & Black
- Custom Color Matching
- Multiple Substrates
- Multiple Thicknesses
- Silk Screen Printing
- Digital Printing

## SAMPLE BOARDS & DISPLAYS

- Custom Designs, Shapes & Sizes
- Cut-to-Size
- Bullnose or Flat Edges
- Lithographic Mounting
- Digital Print Coatings
- Routed Hand Holes
- MDF or Hardboard
- Raw or Painted
- Silk Screening

## DRY ERASE MARKERBOARD

- Full & Custom Sheet Sizes
- Custom Colors
- UV Markerboard Top Coat
- Silk Screening
- Custom Routing to Shape
- Score Boards & Lap Boards
- Juvenile Furniture
- Menu Boards

## CABINETS & DRAWER PARTS

- Panels & Sheet Stock
- Drawer Sides & Bottoms
- Cut-to-Size or Lineal Strips
- Grooves, Dados & Dovetails
- Tops & Bottoms
- End Panels
- Case Backs
- Shelving

## FURNITURE COMPONENTS

- Panels & Sheet Stock
- Ends, Tops & Bottoms
- Dust Bottoms
- Drawer Parts
- Face Frames
- Case Backs
- End Panels
- Shelving

# WOODGRAIN PRINTS

The realistic look of Panel's Woodgrain Prints is achieved utilizing a gravure printing method with a one-to-three color process that goes directly onto the substrate. This direct transfer print application offers a consistent transfer of ink and a high quality image with repeatable color and consistency.

- Over 20 Standard Colors Available, Eliminating High Order Minimums
- Colors Match Several Industry Laminates
- Eco-Friendly Paint Process
- Custom Color Matching Available
- Cut-to-Size
- Custom Fabrication
- Perforation Available

# SLATWALL

Slatwall panels have been utilized in the retail industry for wall coverings and product displays for years. Typically manufactured from MDF with slots to accept multiple accessories, they are often painted, digitally printed or laminated from an array of substrates to give the retail space the desired look. Panel Processing takes the standard Slatwall a step further by adding our fabrication capabilities to produce something custom when needed.

- 4' x 8' & 5' x 8' Panels Standard
- 3" OC & 6" OC Grooves
- Long & Short Direction
- Custom Edge Finishes
- Custom Fabrication
- Digitally Printed
- Laminated
- Inserts Available
- Raw or Painted

# P.O.P. DISPLAY COMPONENTS

The purpose of the Point of Purchase display is to create an impulse purchase by utilizing an eye catching display to attract the shopper's attention, usually at the checkout. P.O.P. displays can be fairly simple or extremely elaborate, and we are the manufacturer that can provide the parts and service you need.

- Pegboard Backs for Gondolas, End Aisle & Side Kicks
- Hardboard, Pegboard, MDF & HDF Side Panels
- Lithographic Mounting, Die Sublimation & Digital Printing
- Assembly, Sub-Assembly, Hardware Installation & Pack-Outs
- Bases & Base Components
- Value Engineering
- Solid Backs
- Shelves
- Headers

# THERMALLY FUSED LAMINATED PANELS

Decorative surfaces can be used in multiple applications and industries. Our Thermally Fused Laminates are made from a resin impregnated paper that is fused directly to a substrate with heat and pressure creating a cross-linked bond to the substrate. Thermally Fused Melamine is a hard surfaced product that excels in resistance to scratches, scuffing and chemicals and a cost advantage over HPL.

- Vast Assortment of Designs, Solid Colors & Textures
- Excellent Scratch & Wear Resistance
- Multiple Cores Available, Typically MDF & Particleboard
- Durable for Cabinets & Shelving
- Antibacterial Surfaces Available
- Great Flexibility with Cost Advantages

Deep  
Texture TFL

# HIGH PRESSURE LAMINATES PANELS

Decorative surfaces are not only beautiful, but they are also purposeful. High Pressure Laminates (HPL) are one of the most durable decorative surfaces. When it's time to give your design a new dimension, High Pressure Laminates offer the flexibility and character you need.

- Great Wear Resistance
- Excellent Machinability
- Multiple Cores Available
- Suitable for Vertical & Horizontal Applications
- Special Performance Properties Available

# PEGBOARD SKINZ

Being the nation's Pegboard leader, it only made sense that we would find additional ways to dress up your pegboard. Pegboard Skinz are perforated paper overlays that can be placed directly over existing pegboard panels and secured with pegs, tree clips or double-sided tape. Your printer or graphic house supplies us the printed paper. We then perforate the paper to create Pegboard Skinz. These skinz allow you to change a retail environment in minutes giving you cost-effective, time-saving versatility.

- 10pt or 12pt Paper
- 100% Scrap (Complete Holes)
- 0% Scrap (Partial Holes)
- Styrene in 100% Scrap
- Kitting Services Available
- Width Range 23" - 48"
- Minimum Length 43"
- 9/32" Holes, 1" OC

Printed  
Replaceable Skinz

# CUSTOM PAINT AND COATINGS COMPANY

Panel Processing operates its own paint company, PPI Coatings. This ensures quick color matches and a timely manufacture of paint to produce your job on-time and to spec.

- Eco-Friendly Water Based Coatings
- Clear UV Finishes
- UV Fill & Top Coats
- Markerboard Coatings
- Chalkboard Coatings
- Woodgrain Prints Direct to Substrate
- Metallic Finishes
- Full Color Matching

## SUBSTRATES

Panel Processing is a direct buyer from the major mills and by avoiding distributors we can pass the cost savings on to you. We have multiple raw cores and board materials for you to choose for your project. Whatever your panel requirement, Panel has the substrate to give you the best finish at the best price.
