

# WALL IN ONE

## SAY NO TO BORING WALLS

You shouldn't be limited to just slats, holes or just one single display style on a wall! With Panel Processing's new offering, we give you "WALL in One", allowing you to customize your retail wall display. You can create walls or displays with multiple display styles in one, allowing endless display configurations. Panels can be divided in sections, each one containing a different display style such as Slatwall, Mega Peg or Slots. You decide slats, slots or holes and we make it happen!
