

PLANTATION SHUTTERS

affordable home improvement

Our beautiful plantation shutters, with a unique patented design, offers an elegant home improvement option at an affordable price. Made of composite wood & finished in a pure white coating, this shutter is designed to fit a wide range of window sizes & styles to fit every home's need. The patented design provides 30% more view than a traditional shutter letting light & beauty into your space. The louvers are easily removed for cleaning, & installation is a snap. This quality built, durable shutter offers a limited lifetime warranty on materials & workmanship.

ADVANTAGES

- 30% more view than traditional shutters
- DIY easy to install and clean
- Ultra noise, light and energy efficiency
- Affordable and eco-friendly
- Concealed tilt controllers
- No cords like other blinds, therefore safer for children and pets
- Thinner flatter louver increases the light into the room and view outside
