

# PLANTATION SHUTTERS

## THE BLACHLEY SHUTTER COLLECTION

Our beautiful plantation shutters, with a unique patented design, offers an elegant home improvement option at an affordable price. Made of composite wood & finished in a pure white coating, this shutter is designed to fit a wide range of window sizes & styles to fit every home's need.

- 30% more view than traditional shutters with our integrated frame construction
- Affordable - 40% savings compared to other shutters
- DIY easy to install and clean
- Ultra noise, light and energy efficiency
- Concealed tilt controllers as a standard
- No cords like other blinds, therefore safer for children and pets
- Thinner flatter louver increases the light into the room and view outside (on composite wood style)
- Composite wood\* and PVC shutters available
